### TERMS AND CONDITIONS

It is a precondition for the warranty to apply, that a suitable waterproof mattress protector purchased at **JYSK** has been used the whole time. For your peace of mind, our warranties cover any issues related to normal wear such as loose, broken, or protruding wires, sagging, and body impressions. Warranties do not cover non-wear issues such as fabric stains, soiling, or burns, damage due to abuse, or mattress damage due to an inappropriate foundation. Where repair or replacement of an identical mattress is not possible, **JYSK** will offer the closest item as a replacement based on our assessment. We may offer a partial refund. The size of the refund is dependent on the remaining length of the warranty period and other relevant factors. Please contact our customer service for more information.
